

**Newham PRUs
TUNMARSH SCHOOL**

CURRICULUM OFFER

ACADEMIC YEAR 2016/17

Our core values are:

Respect, Progress, Enjoyment of Learning, Responsibility, Tolerance

<I:\TUNMARSH\Teaching and Learning\Tunmarsh Curriculum>

The Curriculum Offer

At Tunmarsh School we recognise that some of our pupils may have disengaged from learning and achievement in their previous schools. We aim to re-engage them in the learning process and continually strive to meet the needs of all pupils.

Our staff provide a broad and balanced curriculum, which will develop the skills, concepts and knowledge necessary for future learning.

Vision statement

The Newham PRUs have a shared vision, focused on delivering outstanding education and supporting the individual needs of all our pupils. We will work together with our pupils to find solutions and enable enriched learning experiences and a broad range of outcomes.

Objectives

We undertake to:

- Raise the levels of attainment for all pupils, enabling them to enjoy their learning and achieve their personal best.
- Develop confident, disciplined and enquiring learners who are able to make informed choices, achieve economic well-being, and make a positive contribution to the school and wider community.
- Foster self-esteem and personal responsibilities, linked to respect for the needs and feelings of others.
- Facilitate considerate and positive relationships between all members of the school community.
- Provide a safe and happy work place.
- Enhance and extend the curriculum through involvement of the wider community.

Ethos

The ethos and atmosphere underpin the agreed aims of the PRU. In the course of their daily work, the staff will contribute to the ongoing development of this ethos through:

- Providing diverse high quality learning experiences, underpinned by consistent approaches and routines
- Providing pupils with interesting, meaningful, purposeful tasks
- Taking a shared responsibility for every child's learning and welfare
- Challenging under achievement
- Providing a calm and effective working environment, in which each pupil can achieve her/his maximum potential
- Providing a welcoming environment where pupils feel valued as individuals; where courtesy, kindness and mutual respect are fostered
- Adhering to the classroom routines
- Providing positive role models
- Providing a fair, disciplined environment, in line with our behaviour policy
- Maintaining purposeful and informative planning, record keeping and assessment documents, in line with our assessment policy
- Developing links with the wider community
- Valuing and celebrating pupils' success and achievements
